

## QA: Doesn't Scientific Law Disprove Creation? by [John T Polk II](#)

All Scriptures and comments are based on the **New King James Version**, unless otherwise noted.

### QUESTION: "Doesn't scientific law disprove God's involvement in Creation?" Part 2`

**ANSWER: NO. Scientific fact(s) prove "God's involvement in Creation," as clearly stated in [Genesis 1&2](#).**

1. **THERE IS NO PROOF OF CROSSING "KINDS."** In order for Evolution to be scientifically established, there must be evidence of in-between "kinds" of life, either in the laboratory or fossil history. EVOLUTIONISTS HAVE NEITHER! What has been done instead is tinkering with the terms used in "phylogeny" (**definition** is - the evolutionary history of a kind of organism. 2: the **evolution** of a genetically related group of organisms as distinguished from the development of the individual organism- <https://www.merriam-webster.com/dictionary/phylogeny>). Phylogenists draw an imaginary "evolutionary tree" and attach forms of life where they subjectively choose, to "prove" their false doctrine of Creation. The creation is substituted for the Creator!
2. **THE BIBLE SETS THE MEANING OF THE CREATION "KIND" IN:**

**Genesis 1:11:** Then God said, "Let the earth bring forth grass, the herb that yields seed, and the fruit tree that yields fruit according to its kind, whose seed is in itself, on the earth"; and it was so.

**Genesis 1:12:** And the earth brought forth grass, the herb that yields seed according to its kind, and the tree that yields fruit, whose seed is in itself according to its kind. And God saw that it was good.

**Genesis 1:21:** So God created great sea creatures and every living thing that moves, with which the waters abounded, according to their kind, and every winged bird according to its kind. And God saw that it was good.

**Genesis 1:24-25:** Then God said, "Let the earth bring forth the living creature according to its kind: cattle and creeping thing and beast of the earth, each according to its kind"; and it was so. And God made the beast of the earth according to its kind, cattle according to its kind, and everything that creeps on the earth according to its kind. And God saw that it was good.

NO FOSSIL HAS EVER BEEN FOUND THAT VIOLATES THESE SET "KINDS!" Fish have never become birds, grass has never become peaches, cattle and creeping

things have never become fish or birds! These same separations were preserved in Noah's ark (**Genesis 6:19-20**) and firmly solidified in the New Testament:

All flesh is not the same flesh, but there is one kind of flesh of men, another flesh of animals, another of fish, and another of birds.  
(**1 Corinthians 15:39**)

THE BIBLE IS SCIENTIFICALLY TRUE, EVOLUTION IS SCIENTIFICALLY FALSE!  
Supporters of Evolution are anti-God and ignorant of science!
